

# Product Safety Recall

Telwater Pty Ltd

Savage Fiberglass 645C, 655C and 655C Hard Top

All vessels manufactured between Feb 2012 – Oct 2016

A list of potentially affected HIN's (Hull Identification Numbers) are listed within the recall notice at [www.productsafety.gov.au](http://www.productsafety.gov.au) and the Telwater website [www.telwater.com](http://www.telwater.com)

**DEFECT:** The bow section of the fiberglass hull structure may show signs of gelcoat crazing below the cabin area of the vessel. This may weaken over time to a point where the fiberglass structure could crack.

**HAZARD:** In certain situations, the hull may crack causing water intrusion and possible submersion causing injury or death.

**What should Consumers do:** Consumers should immediately stop using their vessel and make a booking with their Local Savage dealer for the required product inspection and assessment.

**Contact details:** Locate your nearest Savage dealer by visiting [www.savageboats.com.au](http://www.savageboats.com.au) or email [recall@telwater.com.au](mailto:recall@telwater.com.au) or call +61 (7) 5585 9898 during office hours.

**See [productsafety.gov.au](http://productsafety.gov.au) for  
Australian product recall information**
